LONG PATH

and the other door said long path and
no caterpillars going in. Joe went
in the long path. it looked like a
rainforest. there was sticks all
over the ground, there was insects

flying all over in the air, and
bunches of trees, there was even
signs that said long path
and they had a lot of insects
on them it was crazy!

suddenly a little one inch long
thing ^{CAME} it was all oxygen except
the outside. the outside was a thin
layer of slime. a ~~poor~~ said the caterpillar
or. the ~~poor~~ spat out a tornado and

Joe

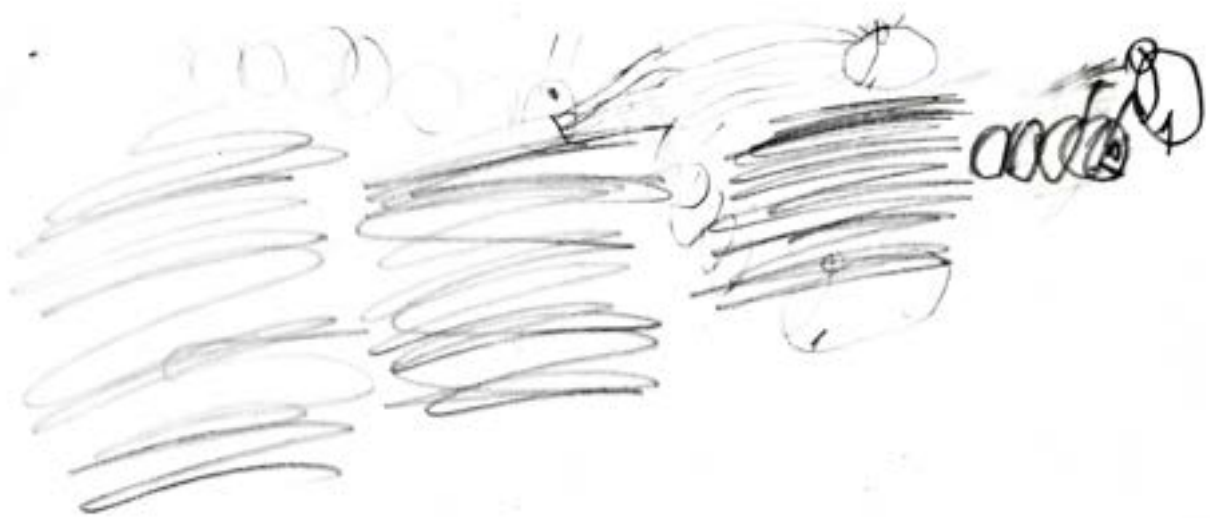

joe dodged it and sucked up the peas. then
the tornado went out then joe spat out
the peas. you beat me said the peas. i
shall come with you. i have lost my
tornado power said the peas but i can

still tackle the bad guy. what does
poos. stand for p. for pufs o. for of
o. for oxygen and s for slime. pufs of
oxygen slime asked joe ryp said the poos.
the poos and ~~joe~~ kept on walking and

they got hungry so they picked fruit
and ate the fruit. when they got thirsty
they would squeeze the fruit and get
juice. when they finished eating
they went on suddenly another pass

came. this time it was stronger.
it kept on spitting tornadoes at jo.
jo kept dodging the tornadoes
and going forward and then was
jo about to smack right into him.

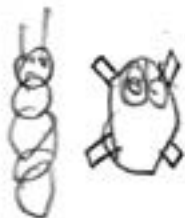

ooooo

Handwritten scribbles and faint markings in the upper right corner.

when he moved up and dodged it
then Joe's pass was right behind
him then Joe's pass trailed the
wild pass then Joe sucked up the
pass and all the blockers went

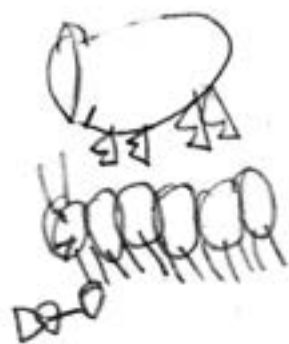

out then Joe did not ~~to me~~ it but
used its power then the Joe's ~~poor~~
grew legs. logs shouted the poor they
are wonderful thanks so much. that
is what friends are for said Joe.

they kept on going on till he saw a
door. it said field two. it is locked
said joe i saw a key. when i beat
the door it must of been for
this door said joe. let's go get the

Key said Joe. What should I call
you asked Joe? Bob said the poor.
there is the key get it before it
disappears yelled Bob. Joe ran as
fast as he could and did get the

key. they walked to the door
on the way joe asked so is your
real name bob? no answered the
poor i do not have a real
name. i want you to call me

look because i like the name
look. then they saw the
door. then went inside there
was a huge hill right in
front of them they started,

climbing. field two is on the
other side of the hill said jo.
they kept on climbing till
they got to the other side. it
looked like a desert! it was a

little different. It had nothing
living in it except bob and joe.
suddenly through a pipe
about ten feet away from where
joe came from a caterpillar

that went in the short path
and tried to beat the master
but he could not even scratch
the master so he escaped in a
door behind the master. he

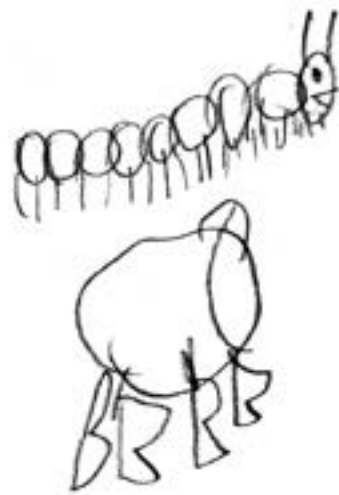

he came to the place where
short path and the long path
met. the other ^{CATERPILLAR} dashed at jo.
jo shot fire bombs from his
tail. ~~no one~~ knew jo could do.

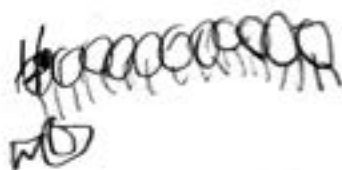

ooooo

this not even for in till now.
to bad the other caterpillar
died said for. he did not
die said lol he was defeated.
i think you got those fireballs

~~probably came~~ because you
gave me legs and did not get
something for yourself. and
by the way where did the other
caterpillar go asked joe. he is at

his home said look. he can start
over if he wants. look said
joe it is the key to field three.
and look said look a silver
fruit. come on joe it says silver

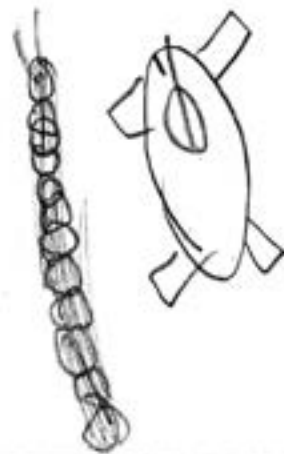

you to eat me. i will eat it
said joe. then joe ate it. i am
metel all over said joe now
if a person tried to smush
me they would not be able

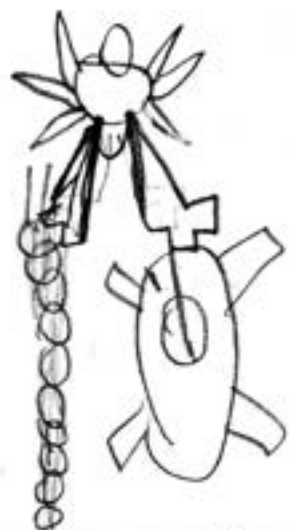

to said jo. they went on
then ^{JOE} said i am feeling hot
i am happy that i took some
spare fruit so now we can
squeeze the fruit ^{AND} get juice.

suddenly they heard something the poor. look and saw a very strong monster. i hope you know the weakness of this monster. i do not

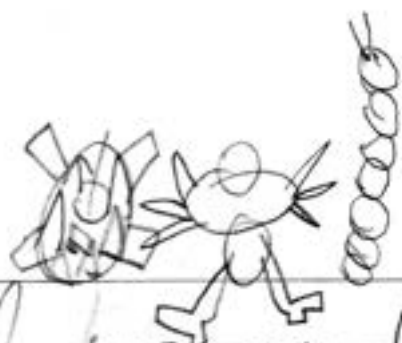

know the weakness of this
monster but i know what
the monster is called a mooc
then the mooc was destroyed
its weakness is to say its

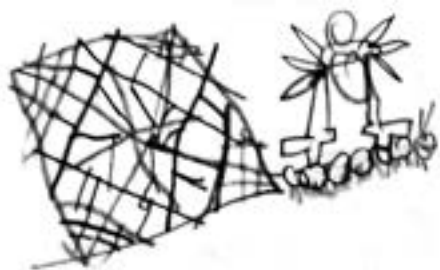

name out aloud to it. then
the moor went up to ~~ise~~
and said you treat me i shall
come with you. they went
on then a whole herd of moor

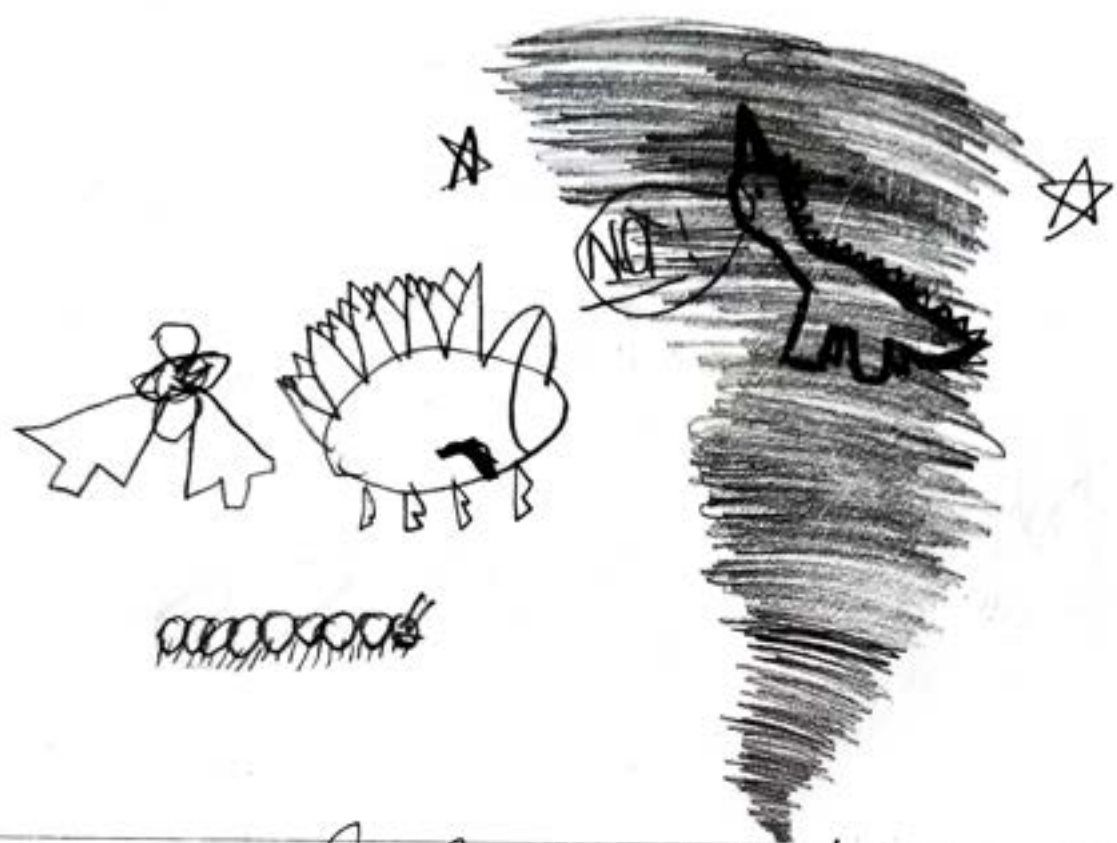

came then joe's mook covered
his ears then joe and bob
kept on saying moo til the
whole herd was defeated.
the pook got spikes on his back

and Joe could spin spider webs.
Then they went on then they
saw something it was built
like a monster using blurry
effect said Joe. then Bob yelled hairy

a then the poor faced his spiky
back at the monster. it went
right through the monster's
armor the monster was
destroyed. then the monster came

up to joe, bob and the nook
and said you beat me i wi
ll come with you not! calm
down poor we will soon beat
him in his strong form. they

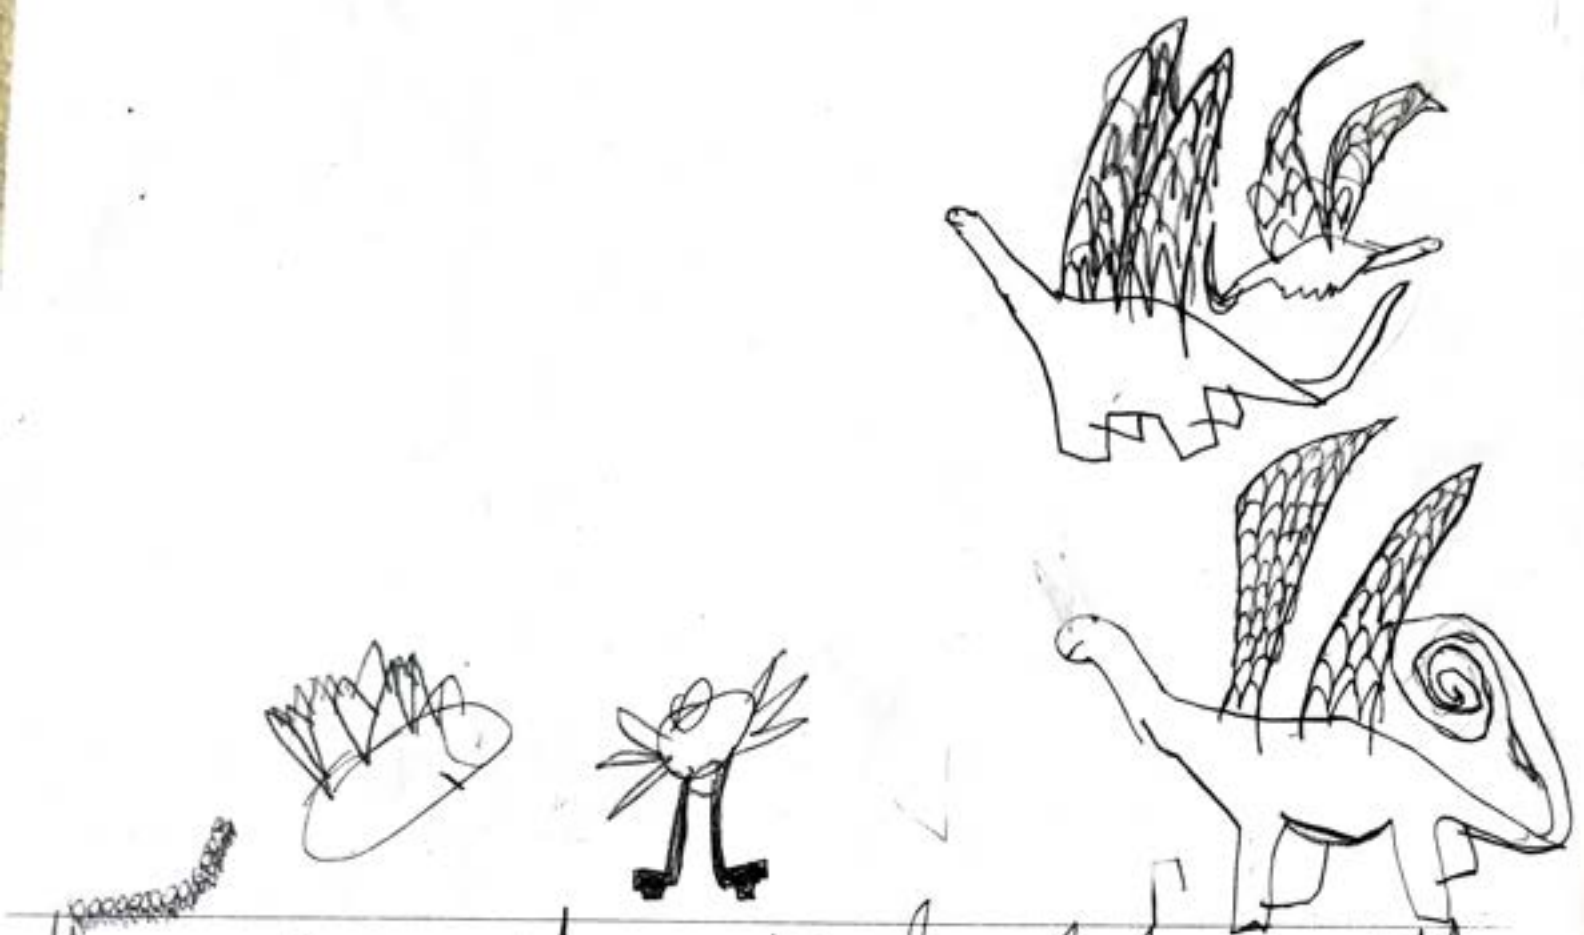

kept going. then they saw the door to field three they tried to fit the key in but it would not fit. then the p.c.s. yelled that is the key to the master! now we

have to go back and get the
key said Joe. then they started
going back then another
nook came Joe's nook just covered
his ears and said nook then the

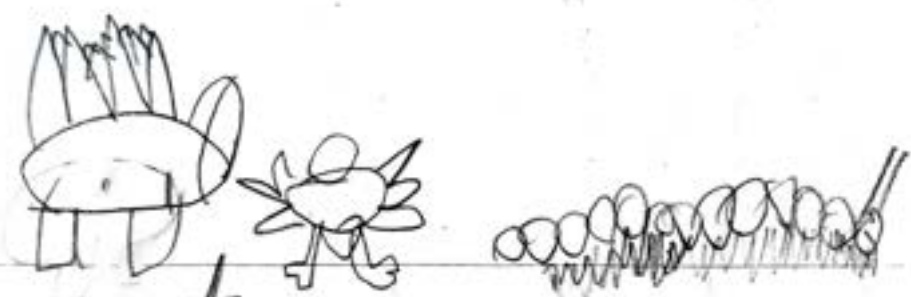

wild nooc was distroyd. then
another nooc came. joe's nooc
did the same thing and the wild
nooc was distroyd. then they
came to the door to field two.

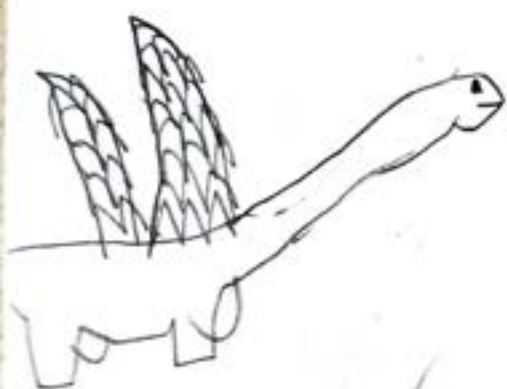

they went into field one, then
they saw something flying
around then it landed and it
was a flying apatacanus! then
from its tail chunks of ice

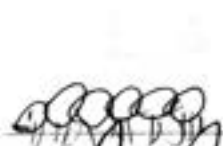

at joe. he doged them and
became steel. then joe shot
fire bombs at the flying
apatosaurus and since
fire ~~melts~~ ice the flying

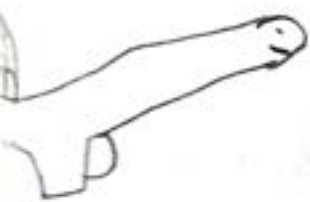

apatasaurus was created. then
the flying apatasaurus
went up to joe and said
you treat me now i am on
your team. then they got

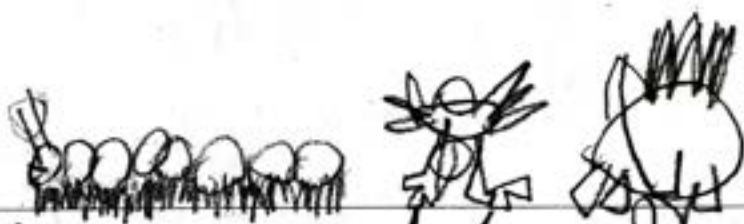

to the adventure. They got
the key to field three and we
nt back to the door to
field two but on the way
they found another flying

apatasaurus. joe used his fire
bombs at it and it was dest-
royed. they went on. then
they ^{SAW} a fruit that was just
like the metal fruit except it

fiery instead of shiny.
Joe ate it and became fiery
then they came to the door
to field two. they went inside
e. then a big monster jumped

up and said i am the desert
monster. i devour elephan-
ts and you are a mere cat-
expiller! then joe said i am
not mere and i have gained

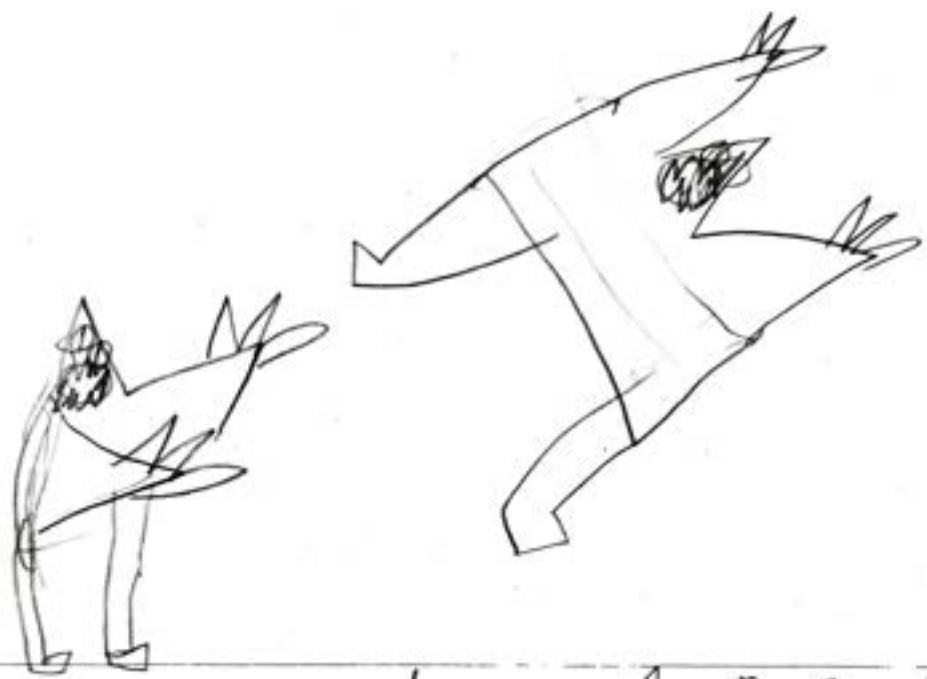

a lot and beat you then
the long apatasaurus
wacked the desert mon-
ster and stepped on it
then the desert monster

~~desert~~

went up to joe and
said you beat me i will
now come on your team
soon joe saw another
desert monster. then joes

desert monster held hands
with the wild desert
monster and flung it
to the ground. then
they got to the door to

field there. they went
in. it was a vast ocean.
the two strange things
were first of all the
water wasn't crashing

through the doors.

second of all when ^{THEY} looked in there was lots of fishes but when they ^{WENT} in they all swam away. Then

the caterpillar that
Joe defeated came and
Joe asked what's your
name? Bob said the
other caterpillar hey

said joe you are my
twin brother and the
master monster used
his magic to separate us.
lets beat the master

monster together and
since my p.o.s.s name
is bob I will call you
bro. at that moment a ^{zooming} shark
zoomed at joe. joe spun

~~Shark and person~~

a man and caught the
shark. then joe shot fire-
bombs at the shark. the
was defeated. then the ^{shark} went
on joe's team and swam

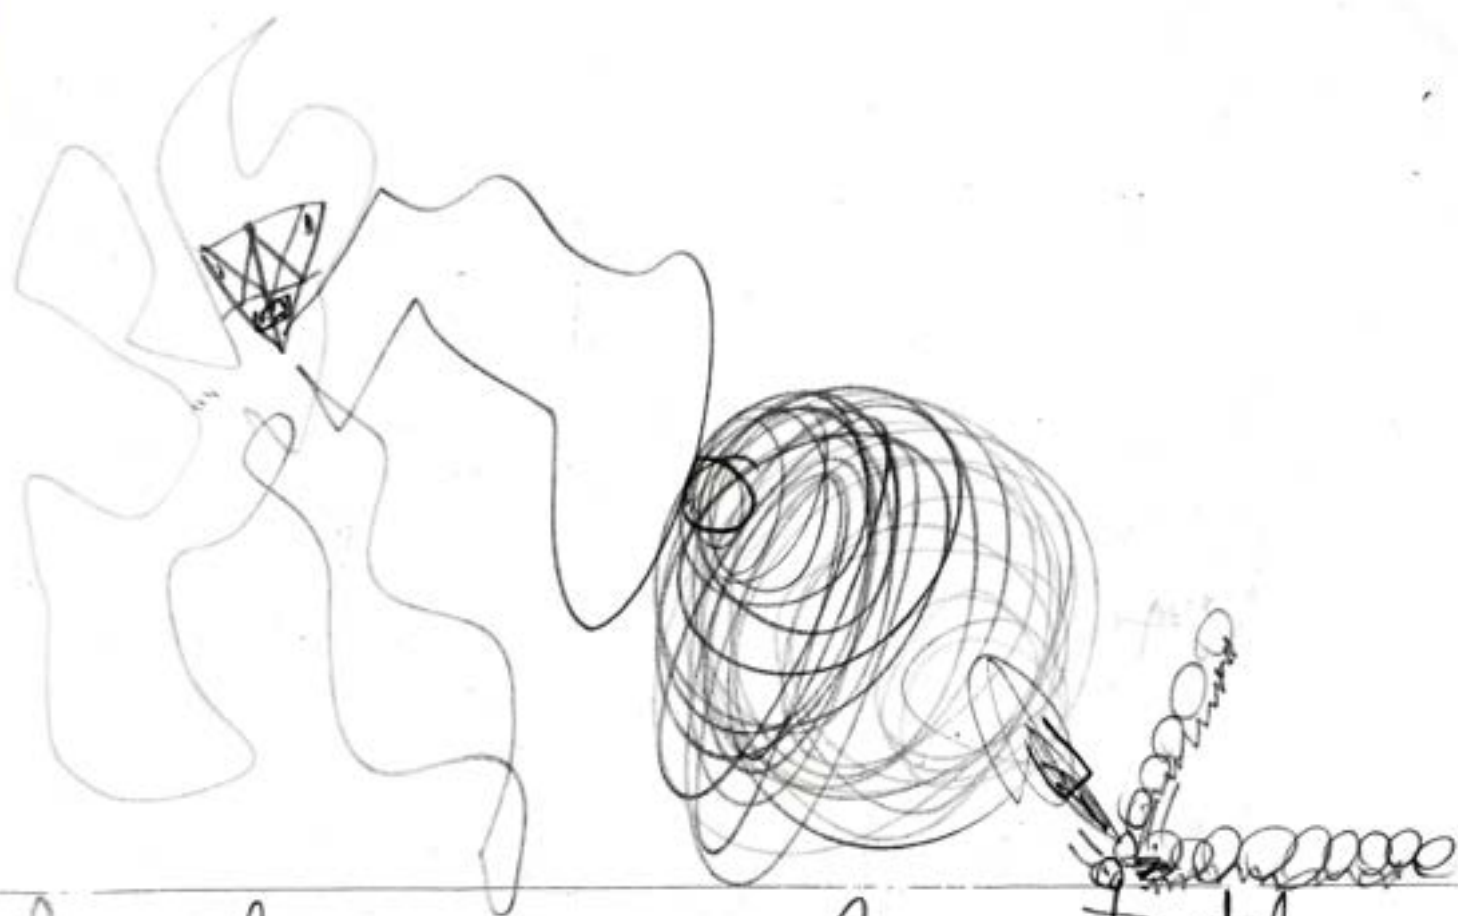

Joe ran to the door that
leads to the master. then
the shark told Joe he
could ^{fly} on land. they went
in. it was like a gigantic

rock box. when they went
the door was sealed! they
were trapped! the master
shot fire at joe. joe turned
into steel so the fire

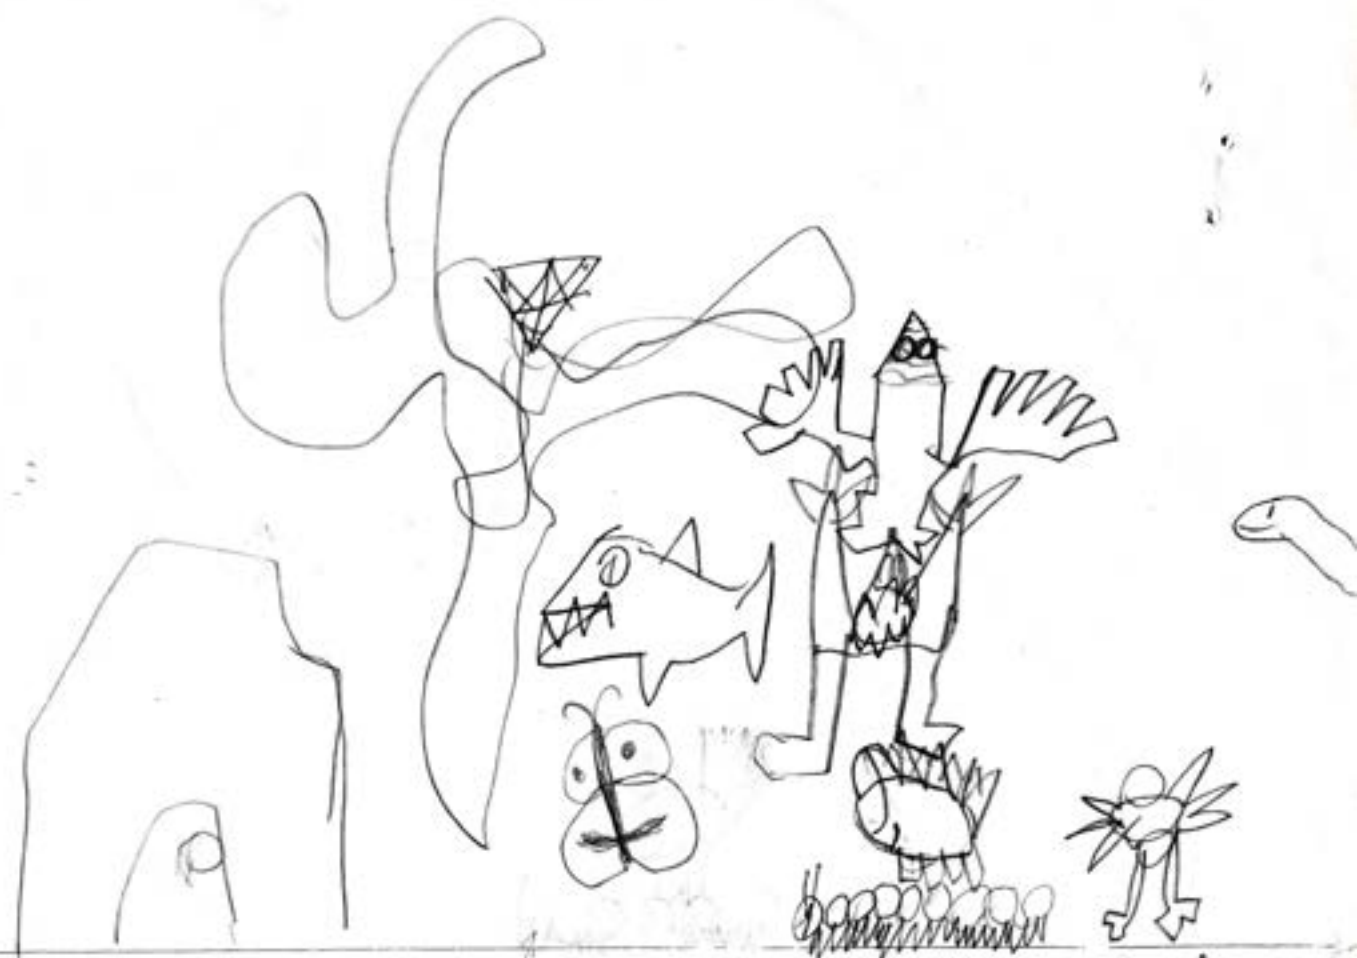

wouldnt harm him. then the
fire turned into a net.
then joe turned into fire and
burned the net. by that
time all of joe's ^{parts} except for

his bro were burnt. then
the master used distrac-
tion beam on joe. then
joes bro went in front of
joe and was defeated.

then we found out that
the master's life was stored in
his assistant so we used firebombs
on the assistant and beat it. bye bye mas-
ter. then everyone was healed. then

joe spun a racoon and
^{because of his speed} ~~he~~ right away
came out as a butterfly.
then joe and his team went
home. THE END
